

BOMP ENTERTAINMENT, INC.

3/11/97

To Whom It May Concern:

It was an honor to have Cheryl Carroll as our Director of Finance & Operations for Bomp Entertainment, Inc. During our two year development deal with MCA/ Universal, Cheryl was instrumental in providing leadership and know-how in all aspects of our business.

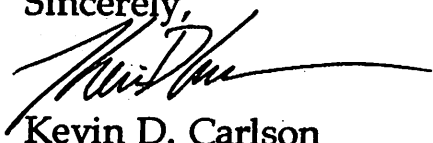

Her exceptional mastery of all phases of her duties proved most beneficial to our company. She not only devised and organized our current systems and procedures, she maintained and managed all of our financial records. Cheryl was the integral center of all of our activities at Bomp and helped us to reach our goals.

Cheryl is the kind of person you can depend upon fully, which is rare these days. She met her responsibilities with a clear, organized resourceful approach, always finding the right solution to whatever problem she was faced with.

She is truly an exceptional employee. A self-starter, extremely organized, effective, works well with others, and is consummate professional.

You'd be a fool to let Cheryl Carroll get away.

Sincerely,

Kevin D. Carlson
Vice President
